Application for fulfillment of obligation

Surname: _____

First name: _____

Matriculation Number: _____

Degree program: _____

You are admitted to the Master's program in International Management even though your degree contains fewer than the normally necessary 210 ECTS points. There is a precondition attached to this admission, that you acquire 30 additional ECTS points in modules that have not already been taken in your Bachelor's degree programme or in this Master's degree programme. The class attendance and study time needed to prepare for examinations leading to the award of the missing 30 ECTS points is equivalent to a full term's work and normally is divided over 6 courses. It is therefore strongly recommended that you take an extra semester at the beginning of your studies to collect these ECTS points. **In no case can you be allowed to submit your Master's degree thesis until these credits are completed.**

Please tick the selected modules in the overview. Once the form has been completed and signed by you, please submit it to the Service Point (postbox or servicepoint@hs-wismar.de).

Module	Tick	ECTS
Interdisciplinary Project		**5**
Sustainable Development		**5**
German Language & Culture		**5**
Financial Management		**5**
Introduction to European Law		**5**
Business Ethics (& Compliance Management)		**5**
Export Marketing		**5**

Please note:
- This registration is for the Bridging Program only. Please register your regular compulsory elective modules online in the student portal.

- Not all modules are necessarily open every semester, even if they are in this list. Substitution of modules can also occur. However, there will be a minimum of 6 courses available.

- Other modules are generally available by agreement if the student speaks German at B2 level or better. In this case please submit a separate application.

- If a module is not passed, the exam may only be repeated in some cases, and in others another module must be selected. In case of a fail where the exam cannot be repeated, a new application is required.

- This form is only valid if filled in correctly.
